

Steps Preschool

Child Protection Policy

This is a core policy that forms part of the induction for all staff. It is a requirement that all members of staff have access to this policy and sign to say they have read and understood its contents.

Date written: January 2025

Date of last update: 28th April 2025

Date agreed and ratified by Reverend Mark Barker

Date of next full review: January 2026

This policy will be reviewed at least annually and/or following any updates to national and local guidance and procedures.

What to do if you have a welfare concern in Steps Preschool

Why are you concerned?

For example:

- Something a child has said, for example, an allegation of harm
- Child's appearance; may include unexplained marks/bruises as well as dress
- Behaviour change(s)
- Witnessed concerning behaviour

Act immediately and record your concerns. If urgent, speak to a DSL first.

- Reassure the child
- Clarify any concerns using open questions, if necessary (**TED**: Tell, Explain, Describe)
- Record facts and not opinions and use child's own words. Sign and date your record
- Seek support for yourself as required from DSL

Inform the Designated Safeguarding Lead (Gina Darling/Fiona Butcher/Ruth Lanstone)

- If a child is at risk of immediate harm and/or is unsafe to go home, make an urgent [Request for Support to the Front Door Service via the portal](#) or call the Police on 999.
- If no immediate risk of harm, provide internal support and/or refer to other agencies in line with [Kent Safeguarding Support Level Guidance and KSCMP procedures](#), as appropriate. For example, signposting to community services and/or early help open access, a non-urgent call to the Police via 101, reporting allegations against staff to the County LADO Service, or make a Request for Support via the [Front Door Service Portal](#).
- Where the setting is unsure, advice can be sought from a Local Authority Social Worker at the Front Door Service via **03000 411 111**
- Where support is required out of working hours, contact the Out of Hours Service via **03000 41 91 91**.

If you are unhappy with the response:

Staff:

- Follow setting whistleblowing procedures. (Speak to DSLs or Dedicated Whistleblowing Advice Line which is displayed on the office safeguarding notice board)
- Follow Kent [safeguarding partnership escalation](#) procedures.

Children and Parents:

- Follow settings complaints procedures under section 3.6

Record decision making and action taken in the child's child protection file

Monitor

Be clear about:

- What you are monitoring. For example, behaviour trends, appearance.
- How long you will monitor.

Review and request further support if necessary

At all stages, the child's circumstances will be kept under review. The DSL/staff will request further support if required to ensure the **child's safety is paramount**

1. Child Focused Approach to Safeguarding

'All children deserve the care and support they need to have the best start in life. Children learn and develop at a faster rate from birth to five years old than at any other time in their lives, so their experiences in early years have a major impact on their future life chances. A secure, safe, and happy childhood is important in its own right. Good parenting and high-quality early learning provide the foundation children need to fulfil their potential.'

'Children learn best when they are healthy, safe, secure, when their individual needs are met, and when they have positive relationships with the adults caring for them.'

Early Years Foundation Stage (EYFS) 2024

1.1 Introduction

- Steps Preschool will provide a welcoming, safe, and stimulating environment where children can enjoy learning and grow in confidence. Steps Preschool will provide age-appropriate educational opportunities to enable early years children to develop positive relationships, self-regulation, social and emotional understanding, communication, language and understanding to help them understand how to keep themselves safe, and the importance of being kind to others.
- We recognise that early year's settings play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to speak to trusted adults who can support them when they are concerned. Children at Steps Preschool will be listened to and heard and their concerns will be taken seriously and acted upon as appropriate.
- Steps Preschool recognise that a one size fits all approach may not be appropriate for all children, and a more personalised or contextualised approach for more vulnerable children, victims of abuse and some SEND children might be needed.
- St Stephens PCC, as the trustee of Steps Preschool believes that all those directly involved with our setting have an essential role to play in making it safe and secure. Our setting aims to create the safest environment within which every child can achieve their full potential. All children (defined in law and in this policy as those up to the age of 18) have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, sex (gender), ability, culture, race, language, religion or sexual identity or orientation, have equal rights to protection.
- Steps Preschool recognise our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding and promoting the welfare of children is **everybody's** responsibility and everyone has a role to play. All members of our community (staff, volunteers, governors, leaders, parents/carers, wider family networks, and children) have an important role in safeguarding children and all have an essential role to play in making our community safe and secure.
- Staff working with children at Steps Preschool maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff will always act in the

best interests of the child and if any member of our community has a safeguarding concern about any child or adult, they should act and act immediately.

- As part of the safeguarding ethos of our setting, we are committed to:
 - Maintaining children’s welfare as our paramount concern.
 - Developing a child centered environment and fostering a culture in which children feel safe, secure, valued, and respected, confident to talk openly and are sure of being listened to.
 - Developing appropriate and positive relationships between children and the adults that care for them, including working with both parents (where possible/appropriate) to ensure the welfare of all children, including, where necessary, the need to refer to other agencies when safeguarding concerns arise.
 - Using age-appropriate learning opportunities to help early years children understand and identify the parameters of what is appropriate child and adult behaviour; what is ‘safe’, to recognise when they and others close to them are not safe, and how to seek advice and support if they are concerned.
 - Ensuring all staff have regular and appropriate training (including induction) to enable them to recognise the signs and symptoms of abuse, and ensure they are aware of our procedures and reporting mechanisms.
 - Monitoring children who have been identified as ‘in need’, including the need for protection and implementing specific interventions and taking action for those who may be at risk of harm.
 - Keeping confidential child protection records, which are stored securely and shared appropriately, including with other professionals.
 - Developing effective and supportive liaison with other agencies to ensure children are safeguarded where concern arise.
- The procedures contained in this policy apply to all staff, including trustees, temporary or third-party agency staff and volunteers. This policy applies where there are any child protection concerns regarding children who attend the settings but may also apply to other children connected to the setting, for example, siblings or students on student/work placements (under 18s).
- Steps Preschool adheres to the Kent Safeguarding Children Multi-Agency Partnership (KSCMP) safeguarding children’s procedures. The full KSCMP procedures, documents and additional guidance relating to specific safeguarding issues can be found on the KSCMP website: www.kscmp.org.uk

1.2 Policy context

- This policy is implemented in accordance with our compliance with the current statutory guidance as issued by the Department for Education [Early Years and Foundation Stage](#) (EYFS), specifically listed in section 3: the safeguarding and welfare requirements.
- This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related national and local guidance. This includes but is not limited to:
 - Early Years and Foundation Stage (EYFS)
 - Keeping Children Safe in Education (KCSIE)
 - Working Together to Safeguard Children (WTSC)
 - Ofsted: Education Inspection Framework

- Framework for the Assessment of Children in Need and their Families 2000
 - [Kent and Medway Local Safeguarding Children Procedures](#)
 - The Education Act 2002
 - The Human Rights Act 1998
 - The Equality Act 2010 (including the Public Sector Equality Duty)
- Steps Preschool will follow local or national guidance in response to any emergencies. We will amend this policy and our procedures as necessary but regardless of the action required, our safeguarding principles will always remain the same and the welfare of the child is paramount.
 - Steps Preschool recognise that as a result of the Covid-19 pandemic, some members of our community may have been exposed to a range of adversity and trauma including bereavement, anxiety and in some cases experienced increased welfare and/or safeguarding risks. We will work with local services, such as health and the local authority, to ensure necessary support is in place.
 - This policy will be evaluated at least annually, and will be revised as necessary, so that it reflects the current safeguarding issues and challenges, including lessons learnt. The policy will also be updated after any national or local changes, major local or national safeguarding incidents and/or learning, and/or any modifications to our own procedures.
 - All staff (including temporary staff and volunteers) will be provided with a copy of this policy and Part One and/or Annex A of KCSIE as appropriate. A copy of this can be found in the Preschool office
 - Parents/carers can obtain a copy of our Child Protection Policy and other related policies on request. Additionally, our policies can be viewed via our website.
 - The Designated Safeguarding Lead (DSL) (Gina Darling, Fiona Butcher & Ruth Lanstone) will ensure the Reverend Mark Barker, as the registered person, receive regular reporting on safeguarding activity and systems. They will not receive details of individual children's situations or identifying features of families as part of their oversight responsibility.
 - This policy is one of a series of our integrated safeguarding portfolio and should be read and actioned in conjunction with the documents below:
 - Information, Records and Administration Policy.
 - Safety & Suitability Policy.
 - Welfare Policy.
 - Staffing Policy.
 - Health Policy.
 - These documents can be found in the shared document drive.
 - A hard copy of these documents can be found in a folder in the entrance hall as well as in the office. They are also published on our website.

Supporting Guidance (to be read and followed alongside this document)

- Keeping Children Safe in Education
- Ofsted '[Early years inspection handbook](#)'

- Guidance for Safer Working Practice for Adults who Work with Children and Young People in Education Settings - [Safer Recruitment Consortium](#)
- [What to do if you are worried a child is being abused](#)
- UK Council for Internet Safety (UKCIS) [Safeguarding children and protecting professionals in early years settings: online safety considerations](#)

1.3 Definition of safeguarding

- In line with '[Working Together to Safeguard Children 2023](#)', safeguarding and promoting the welfare of children is defined for the purposes of this policy as:
 - providing help and support to meet the needs of children as soon as problems emerge.
 - protecting children from maltreatment, whether that is within or outside the home, including online.
 - preventing impairment of children's mental and physical health or development.
 - ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
 - promoting the upbringing of children with their birth parents, or otherwise their family network, whenever possible and where this is in the best interests of the child(ren).
 - taking action to enable all children to have the best outcomes.
- Safeguarding "***is everyone's responsibility***" and everyone who comes into contact with children and families has a role to play. Everyone should consider wider environmental factors in a child's life that may be a threat to their safety and/or welfare.
- Child protection is part of safeguarding and promoting the welfare of all children and is defined as activity that is undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.
- Our setting acknowledges that safeguarding includes a wide range of specific issues including (but not limited to):
 - Abuse and neglect
 - Bullying, including cyberbullying
 - Child-on-child abuse
 - Children with family members in prison
 - Children who are absent or missing from education
 - Child missing from home or care
 - Child Sexual Exploitation (CSE)
 - Child Criminal Exploitation (CCE)
 - Contextual safeguarding (risks outside the family home)
 - County lines and gangs
 - Domestic abuse
 - Drugs and alcohol misuse
 - Fabricated or induced illness
 - Faith abuse
 - Gender based abuse and violence against women and girls

- Hate
 - Homelessness
 - Human trafficking and modern slavery
 - Mental health
 - Nude or semi-nude image sharing, also known as youth produced/involved sexual imagery or “Sexting”
 - Online safety
 - Preventing radicalisation and extremism
 - Private fostering
 - Relationship abuse
 - Serious violence
 - Sexual violence and sexual harassment
 - So-called ‘honour-based’ abuse, including Female Genital Mutilation (FGM) and forced marriage
 - ‘Up skirting’
- Annex B of [‘Keeping Children Safe in Education’](#) (KCSIE) contains important additional information about specific forms of abuse and safeguarding issues. Staff at the setting who work directly with children will read part one and annex B of KCSIE.
 - If staff have any concerns about a child’s welfare, they should act on them immediately. They should follow this policy and speak to the Designated Safeguarding Lead (or deputy).

1.4 Safe Culture

- As part of our approach to safeguarding, we will create and embed a culture of openness, trust and transparency in which our values and expected behaviour as set out in our Staffing Policy are constantly lived, monitored and reinforced by all staff, and any concerns are dealt with promptly and appropriately. Our setting will ensure processes, training and support is in place for staff to promote continuous vigilance, maintain an environment that deters and prevents abuse and challenges inappropriate behaviour.
- All members of staff are required to work within our clear guidelines on safer working practice as outlined in our Staffing Policy.
- Staff will be made aware of our behaviour management, physical intervention and health and safety policies. Staff will manage behaviour effectively to ensure a good and safe educational environment and will have a clear understanding of the needs of all children. Any physical interventions, use of reasonable force and use of first aid will be in line with our agreed policy and procedures, and national guidance.
- All staff will be made aware of the professional risks associated with the use of social media and electronic communication (such as email, mobile phones, texting, social networking). Staff will adhere to the Staffing Policy.

- All staff and volunteers should feel able to raise any concerns about poor or unsafe practice and potential failures in our safeguarding regime. The management team at Steps Preschool will take all concerns or allegations received seriously.
- All members of staff are made aware of our Whistleblowing procedure. It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.
- Staff can access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- Staff are encouraged and should feel confident to self-refer, if they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards. This includes where concerns may be felt to be deliberately invented or malicious; such allegations are extremely rare and as such all concerns should be reported and recorded.
- Steps Preschool has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not left. The DBS will consider whether to bar the person.
 - If these circumstances arise in relation to a member of staff at our setting, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the [LADO](#) and/or Reverend Mark Barker.
- Steps Preschool have a duty to inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere). We will also notify Ofsted of the action taken in respect of the allegations. Notifications will be made as soon as is reasonably practicable, but at the latest within 14 days of the allegations being made and are aware that to not do so would be an offence.

2. Key Responsibilities

2.1 Leadership & Management

- The manager has a strategic responsibility for our safeguarding arrangements and will comply with their duties under legislation. The manager Gina Darling and registered person, Rev. Mark Barker have regard to the KCSIE (2023) and EYFS (2024) guidance and will ensure our policies, procedures and training is effective and complies with the law at all times.
- The designated lead, and or registered person will facilitate a whole setting approach to safeguarding which involves everyone. They will ensure that safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development, so that all systems, processes,

and policies operate with the best interests of the child at their heart. They will ensure that our child protection and safeguarding policies and procedures are understood and followed by all staff.

- The manager and or registered person will ensure that the Designated Safeguarding Lead is supported in their role and is provided with sufficient time so they can provide appropriate support to staff and children regarding any safeguarding and welfare concerns.
- The registered person/manager/parish safeguarding officer are aware of their obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and the local multi-agency safeguarding arrangements set out by the Kent Safeguarding Children Multi-Agency Partnership ([KSCMP](#)).
 - This includes but is not limited to safeguarding all members of our community (for example, staff, children, parents/carers, and other family members) identified with protected characteristics within the Equality Act: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
 - For further information about our approaches to equality, diversity, and inclusion, please access our Equal Opportunities Policy.

2.2 Designated Safeguarding Lead (DSL)

- The EYFS states; *'a practitioner must be designated to take lead responsibility for safeguarding children in every setting'*.
 - Gina Darling, manager, is appointed as the Designated Safeguarding Lead (DSL) for our setting.
- The setting has also appointed Deputy DSLs who will have delegated responsibilities and act in the DSLs absence.
 - Fiona Butcher Supervisor
 - Ruth Lanstone SENCO Practitioner
- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. Deputy DSLs will be trained to the same standard as the DSL. The DSLs training will be updated formally at least every two years, but their knowledge and skills will be updated at least annually through a variety of methods at regular intervals.
- The DSL has overall responsibility for the day-to-day oversight of safeguarding and child protection systems (including online safety) in the setting. Whilst the activities of the DSL may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated.
- It is the role of the DSL (or in their absence, the deputy DSLs) to:
 - Act as the central contact point for all staff to discuss any safeguarding concerns.
 - Maintain a confidential recording system for safeguarding and child protection concerns.
 - Coordinate safeguarding action for individual children.
 - When supporting children with a social worker or looked after children, the DSL should have the details of the child's social worker in the authority that looks after the child.

- Liaise with other agencies and professionals in line with EYFS and WTSC 2023.
- Ensure that locally established procedures as put in place by the LADO Education Safeguarding Advisory service (LESAS) as part of the [Kent Safeguarding Children Multi-Agency Partnership](#) (KSCMP) procedures, including referrals, are followed, as necessary.
- Represent, or ensure the setting is appropriately represented at multi-agency safeguarding meetings (including child protection conferences).
- Managing and monitoring the setting's role in any multi-agency plan for a child.
- Being available during setting hours for staff to discuss any safeguarding concerns and ensuring adequate and appropriate DSL cover arrangements in response to any closures and out of hours and/or out of term activities.
- Taking lead responsibility for online safety, including understanding the filtering and monitoring systems and processes in place.
- Ensuring all staff access appropriate safeguarding training and relevant updates in line with the recommendations within EYFS.
- Liaise with the registered person/ manager to inform them of any safeguarding issues, especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations.

2.3 Members of staff

- The welfare requirement of the EYFS requires providers *‘to take all necessary steps to keep children safe and well’* and accordingly, everyone involved in the care of young children has a role to play in their protection.
- Our staff are in a unique position to observe any changes in a child's behaviour or appearance, may be able to identify concerns early, provide help and support for children, promote children's welfare and prevent concerns from escalating.
- All members of staff have a responsibility to:
 - provide a safe environment in which children can learn.
 - be aware of the indicators of abuse, neglect and exploitation so that they can identify cases of children who may need help or protection.
 - know what to do if a child tells them that they are being abused, neglected, or exploited and understand the impact this can have upon a child.
 - be prepared to identify children who may benefit from early help, including understanding the early help process and their role in it.
 - understand our settings safeguarding policies and systems.
 - undertake regular and appropriate training which is regularly updated.
 - be aware of the local process of making referrals to children's social care and statutory assessment under the Children Act 1989.
 - know how to maintain an appropriate level of confidentiality.
 - ensure that adequate supervision of children is implemented in line with our policy expectations as listed in our Staffing & Health Policies, including that whilst children are eating, they must be within sight and hearing of an adult.
 - reassure children who report concerns that they are being taken seriously and that they will be supported and kept safe.

- Staff at Steps Preschool recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as being abusive or harmful. This should not prevent staff from having professional curiosity and speaking to a DSL if they have any concerns about a child.
- Staff at Steps Preschool will determine how best to build trusted relationships with children, young people and parents/carers which facilitate appropriate professional communication in line with existing and relevant policies, for example, our Welfare Policy.

2.4 Children

- Children have a right to:
 - Feel safe, be listened to, and have their wishes and feelings taken into account.
 - Confidently report any worries, knowing their concerns will be treated seriously, and they can safely express their views and give feedback.
 - Receive help from a trusted adult.
 - Learn how to keep themselves safe, including online.

2.5 Parents and carers

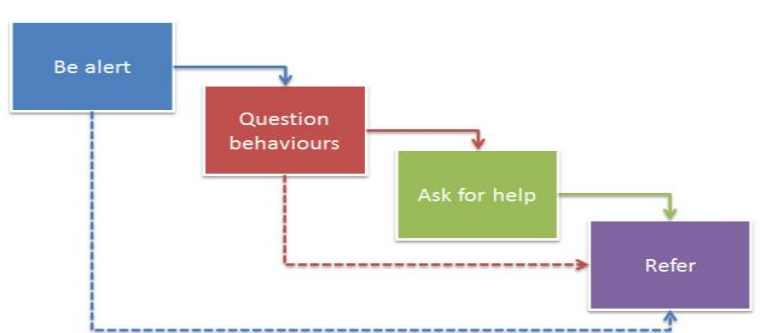

- Parents/carers have a responsibility to:
 - Understand and adhere to any relevant setting policies and procedures.
 - Talk to their children about safeguarding issues and support the setting in their safeguarding approaches.
 - Identify behaviours which could indicate that their child is at risk of harm including online.
 - Seek help and support from the setting or other agencies.

3. Child Protection Procedures

3.1 Recognising indicators of abuse, neglect and exploitation

- Staff will maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff will always act in the best interests of the child.
- All staff are made aware of the definitions and indicators of abuse, neglect and exploitation as identified by 'Working Together to Safeguard Children' and 'Keeping Children Safe in Education'. This is outlined locally within the [Kent Support Levels Guidance](#).
- Steps Preschool recognise that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse (for more in-depth information, see appendix 1):
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect

- By understanding the indicators of abuse, neglect and exploitation we can respond to problems as early as possible and provide the right support and services for the child and their family.
- All members of staff are expected to be aware of and follow the below approach if they are concerned about a child:

['What to do if you are worried a child is being abused'](#)

- Steps Preschool recognises that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse, neglect and exploitation can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child. It is important to recognise that indicators of abuse, neglect and exploitation do not automatically mean a child is being harmed, however all concerns should be taken seriously and will be explored by the DSL on a case-by-case basis.
- Steps Preschool recognises abuse, neglect, exploitation and other safeguarding issues are rarely standalone events and cannot always be covered by one definition or one label alone. In many cases, multiple issues will overlap with one another, therefore staff will always be vigilant and always raise concerns with a DSL.
- Parental behaviors can indicate child abuse, neglect and exploitation; staff will be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Children may report abuse, neglect and exploitation happening to themselves, other children, or their family members. All reports made by children to staff will be taken seriously and will be responded to in line with this policy.
- Safeguarding incidents and/or behaviours can be associated with factors and risks outside the setting. Children can be at risk of abuse, neglect and exploitation in situations outside their families; extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.
- Steps Preschool recognises that technology can be a significant component in many safeguarding and wellbeing issues; children are at risk of abuse, neglect and exploitation online from people they

know (including other children) and from people they do not know; in many cases, abuse will take place concurrently via online channels and in daily life.

- Steps Preschool recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.
- In all cases, if staff are unsure of what action to take, they will always speak to the DSL (or deputy).

3.2 Responding to child protection concerns

- If staff are concerned about the safety or welfare of a child, they are expected to:
 - listen carefully to the child, reflecting back the concern.
 - be non-judgmental.
 - Avoid using any leading questions; only prompting the child where necessary, with open questions to clarify information. For example, who, what, where, when or Tell, Explain, Describe (TED).
 - not promise confidentiality as concerns will have to be shared further, for example, with the DSL and potentially Integrated Children's Services.
 - be clear about boundaries and how the report will be progressed.
 - record the concern using the facts, for example, words the child uses or recording the location of any marks using a body map, in line with our record keeping requirements.
 - inform the DSL (or deputy), as soon as practically possible.
 - DSL: or Deputy to inform registered person Rev. Mark Barker or the Parish Safeguarding Officer, Jan Smith, if incident requires this e.g. Social services or Police involvement.
 - If incident escalates, the Diocese of Rochester Safeguarding Lead (since Steps Preschool is part of St. Stephens church) will be informed.
- All staff are made aware that early information sharing is vital for the effective identification, assessment, and allocation of appropriate service provision, whether this is when problems first emerge, or where a child is already known to other agencies. Staff will not assume a colleague, or another professional will act and share information that might be critical in keeping children safe.
- In Kent, Early Help and Preventative Services and Children's Social Work Services are part of [Integrated Children's Services](#) (ICS) and are accessed via the 'Front Door Service'/[Kent Children's Services Portal](#).
- 'Early help' is defined in 'Working together to safeguard children' as support for children of all ages that improves a family's resilience and outcomes or reduces the chance of a problem getting worse. It is not an individual service, but a system of support delivered by local authorities and their partners, including education providers, working together and taking collective responsibility to provide the right provision in their area.
 - If early help support is appropriate, the DSL (or a deputy) will lead on exploring internal resources available and liaising with other universal or additional services available via local agencies.
 - Where Intensive Support Early Help (provided by ICS, outlined in the [KSCMP support levels guidance](#)) is considered to be appropriate, the DSL (or deputy) will make a 'request for support' via the [Kent Children's Services Portal](#).

- Staff, including the DSL, may be required to work with other agencies and professionals in an early help assessment.
- The DSL will keep all Early Help cases under constant review and consideration will be given to escalating concerns and/or seeking advice from the Front Door Service if the situation does not appear to be improving or is getting worse.
- Where a child is suffering, or is likely to suffer from harm, or is in immediate danger (for example, under section 17 or 47 of the Children Act), intensive or specialist support is required and a 'request for support' will be made immediately to Kent [Integrated Children's Services](#) (via the [portal](#)) and/or the police, in line with the [Kent Support Level Guidance and KSCMP procedures](#).
 - Our setting recognises that in situations where there are immediate child protection concerns for a child as identified in line with Support Level Guidance, it is NOT to investigate as a single agency, but to act in line with KSCMP guidance which may involve multi-agency decision making.
 - The DSL may seek advice or guidance from a social worker via the Front Door Service before deciding next steps.
- The DSL, or a deputy DSL in the absence of the DSL will have the overall responsibility for making referrals. However, all staff are made aware of the local process for making referrals to Integrated Children's Services and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments.
- If staff have any concerns about a child's welfare, they are expected to act on them immediately. If staff are unsure if something is a safeguarding issue, they will speak to the DSL (or deputy). If in exceptional circumstances, a DSL is not available, this should not delay appropriate action being taken by staff.
 - Staff will speak to a member of the management team, request a consultation with a social worker from the Front Door Service, or make a request for support to the Front Door Service themselves; for contact information, see flowchart on page 15.
 - In these circumstances, any action taken by staff will be shared with a DSL as soon as is possible.
- In the event of a request for support to the Front Door Service being necessary, parents/carers will be informed and consent to this will be sought by the DSL in line with guidance provided by KSCMP and ICS. Parents/carers will always be informed in the case of a request for support being submitted by the setting unless there is a valid reason not to do so, for example, if informing them may put a child at risk of harm or could undermine a criminal investigation.
- If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving, or concerns regarding receiving a decision or the decisions made, staff or the DSL will re-refer (if appropriate) and/or DSLs will follow the [Kent Escalation and Professional Challenge Policy](#) to ensure their concerns have been addressed and, most importantly, that the child's situation improves.
- DSLs and staff will be mindful of the need for the setting to ensure any activity or support implemented to support children and/or families is recorded. Support provided by the setting where families are struggling will be overseen and reviewed by the DSL on a regular basis to ensure activity does not obscure potential safeguarding concerns from the wider professional network.

3.3 Recording concerns

- All safeguarding concerns, discussions, decisions, and reasons for those decisions, will be recorded in writing on the setting safeguarding incident/concern form and passed without delay to the DSL. Our records will include a clear and comprehensive summary of any concerns, details of how concerns were followed up and resolved, a note of any action taken or not taken, how any decisions were reached and any outcomes.
- Incident concern forms are recorded/kept in the Safeguarding folder in the office and also in the preschool room.
- If there is an immediate safeguarding concern the member of staff will consult with a DSL before completing the form as reporting urgent concerns takes priority.
- Records will be completed as soon as possible after the incident/event, using the child's words and will be signed and dated by the member of staff. Child protection records will record facts and not personal opinions. A body map will be completed if visible marks or injuries to a child have been observed.
- If members of staff are in any doubt about recording requirements, they will discuss their concerns with the DSL.
- Confidential information and records about staff and children will always be held securely in a locked cabinet and will only be accessible and available to those who have a right or professional need to see them.
- Child protection records will be kept for individual children and will be maintained separately from all other records relating to the child in the setting. Child protection records will be kept and shared in accordance with our responsibilities under the Data Protection Legislation and, where relevant, the Freedom of Information Act 2000.
- Steps Preschool has an appropriately trained Data Protection Officer (Dawn Clarke) as required by the UK General Data Protection Regulations (UK GDPR) to ensure that our setting is compliant with all matters relating to confidentiality and information sharing requirements.
- All child protection records will be transferred in accordance with data protection legislation to the child's subsequent setting or school, under confidential and separate cover as soon as possible. Child protection files will be transferred securely to the new DSL, separately to the child's main file, and a confirmation of receipt will be obtained. Steps follow KCSIE which states this should be within 5 days for an in-year transfer or within the first 5 days of the start of a new term.
- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new setting or school in advance of a child leaving, for example, information that would allow the new setting or school to continue to provide support.
- Where the setting receives child protection files from another setting, the DSL will ensure key staff such as the Special Educational Needs Co-Ordinators (SENCOs) will be made aware of relevant information as required.
- Where a child joins the setting and no child protection files are received, the DSL will proactively seek to confirm from the previous setting whether any child protections exist for the child, and if so, if the files have been sent.

3.4 Multi-agency working

- Steps Preschool recognises the pivotal role we have to play in multi-agency safeguarding arrangements and is committed to its responsibility to work within the [KSCMP](#) multi-agency safeguarding arrangements as identified within 'Working Together to Safeguard Children'.
- The manager/registered person and DSL will work to establish strong and co-operative local relationships with professionals in other agencies, including the safeguarding partners in line with local and national guidance. Some examples of multi-agency relationships may include, but are not exhaustive are:
 - social workers
 - early help workers
 - health visitors
 - specialist teachers
 - speech and language therapists
 - equality and inclusion professionals
 - Local Inclusion Forum Teams (LIFT)
 - other schools/settings where children attend one than one setting/provision
 - paediatrician
 - strategy meetings and child protection conferences

3.5 Confidentiality and information sharing

- Steps Preschool recognises our duty and powers to hold, use and share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within EYFS and KCSIE.
- Where reasonably possible, our setting will hold more than one emergency contact number for each child. There is an expectation that contact information will be held for both parents, unless doing so would put a child at risk of harm.
- Steps Preschool has an appropriately trained Data Protection Officer (Dawn Clarke) as required by the UK General Data Protection Regulations (UK GDPR) to ensure that our setting is compliant with all matters relating to confidentiality and information sharing requirements.
- All staff are made aware of the need to protect the privacy of the children in their care, as well the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures both confidentiality and safeguarding.
 - Steps Preschool will ensure staff are aware of our Information, Records & Administration policy and will ensure there is an area where staff may talk to parents and/or carers confidentially.
 - All staff are aware they cannot promise a child that they will not tell anyone about a report of any form of abuse, as this may not be in the best interests of the child.

- Staff will have due regard to the relevant data protection principles, which allow them to share and withhold personal information.
 - The Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe. Staff have a professional responsibility to be proactive in sharing information as early as possible to help identify, assess, and respond to risks or concerns about the safety and welfare of children; this may include sharing information with the DSL and with other agencies as appropriate. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.
 - KCSIE, the [Information Commissioner's Office](#) (ICO) and DfE '[Information sharing advice for safeguarding practitioners](#)' guidance provides further details regarding information sharing principles and expectations. These can be found online.
- The manager/registered person and DSL will only disclose relevant safeguarding information about a child with staff on a 'need to know' basis.

3.6 Complaints

- All members of our community should feel able to raise or report any concerns about children's safety or potential failures in our safeguarding regime. The leadership team at Steps Preschool will take all concerns reported seriously and all complaints will be considered and responded to in line with the relevant and appropriate process.
- The setting has a complaints procedure available to parents, members of staff and visitors who wish to report concerns or complaints. This can be found in our Information, Records and Administration Policy which can be found in the office and preschool entrance area.
- Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally.
 - Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- Any complaints that constitute an allegation against a member of staff or volunteer will be dealt with in line with section 8 of this policy.

4. Specific Safeguarding Issues

- Steps Preschool is aware of a range of specific safeguarding issues and situations that can put children at greater risk of harm. Whilst some of these issues may be more likely to involve older children, early years children may still be at risk of harm, or concerns may be identified where there are risks for children's family members or siblings, and/or young staff members, including for example, children on work placements/experience.
- Where staff are unsure how to respond to specific safeguarding issues, they should follow the processes as identified in part 3 of this policy and speak with the DSL or a deputy.

4.1 Child-on-child abuse

- All members of staff at Steps Preschool recognise that children can abuse other children; this is known as child-on-child abuse, and it can happen both inside and outside of the setting and online.
- Steps Preschool recognises that child-on-child abuse can take many forms, including but not limited to:
 - Bullying, including cyberbullying, prejudice-based and discriminatory bullying
 - Abuse in intimate personal relationships between children
 - Physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
 - Sexual violence and sexual harassment
 - Consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as ‘sexting’ or youth produced sexual imagery)
 - Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
 - Up skirting (which is a criminal offence), which typically involves taking a picture under a person’s clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
 - Initiation/hazing type violence and rituals
- Any allegations of child-on-child abuse will be recorded, investigated, and dealt with in line with this child protection policy.
- Steps Preschool adopts a zero-tolerance approach to child-on-child abuse. We believe that abuse is abuse and it will never be tolerated or dismissed as “just banter”, “just having a laugh”, “part of growing up” or “boys being boys”; this can lead to a culture of unacceptable behaviours and can create an unsafe environment for children and a culture that normalises abuse, which can prevent children from coming forward to report it. All allegations of child-on-child abuse will be reported to the DSL and will be recorded, investigated, and dealt with accordingly.
- All staff have a role to play in challenging inappropriate behaviours between children. Staff recognise that some child-on-child abuse issues may be affected by gender, age, ability, and culture of those involved. For example, for gender-based abuse, girls are more likely to be victims and boys more likely to be perpetrators.
- In order to minimise the risk of child-on-child abuse, Steps Preschool will ensure staff follow the guidelines for Promoting Positive Behaviour found in the Welfare Policy
- The DSL (or deputy) is likely to have a complete safeguarding picture and will be the most appropriate person to advise on the initial response.
 - The DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis which explores how best to support and protect any victims and alleged perpetrators, and any other children involved/impacted, in line with the relevant local/national guidance and support, for example [KSCMP](#) procedures.
 - The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children and staff and any actions that are required to protect them.

- Any concerns involving an online element (for example the taking and/or sharing of nude or semi-nude images) will take place in accordance with relevant local/national guidance and advice. The **UKCIS Sharing nudes and semi-nudes: advice for education settings working with children and young people' guidance** outlines how education setting should respond to all incidents of consensual and non-consensual image sharing; it should be read and understood by all DSLs working with all age groups
- Reports of harmful sexual behaviour will initially be managed internally by the setting DSL, and where necessary, will be referred to [Integrated Children's Services](#) (Early Help and/or Children's Social Work Service) via the Children's Portal and/or the police.
- Alleged victims, alleged perpetrators and any other child affected by child-on-child abuse will be supported by:
 - Taking reports seriously, listening carefully, avoiding victim blaming, providing appropriate pastoral support, working with parents/carers, reviewing educational approaches, following procedures as identified in other policies e.g. the anti-bullying, behaviour and child protection policy, and where necessary and appropriate, informing the police and/or ICS
- If at any stage the DSL is unsure if a request for support is appropriate, advice may be sought from the Front Door Service.

4.2 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

- Steps Preschool recognises that both Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE) are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through serious violence or the threat of serious violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.
- If staff are concerned that a child within the setting or our wider community may be at risk of CSE or CCE, immediate action should be taken by speaking to the DSL or a deputy. If the DSL is unsure on how to proceed, advice will be sought from the Front Door.

4.3 So-called Honour Based Abuse (HBA)

- So-called 'honour'-based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Staff will report any concerns about HBA to the DSL (or a deputy). If there is an immediate threat, the police will be contacted.
- All staff will speak to the DSL (or deputy) if they have any concerns about forced marriage. Staff can also contact the Forced Marriage Unit if they need advice or information: 020 7008 0151 or fm@fcdo.gov.uk

4.4 Preventing radicalisation

- Education settings, including early years providers are often in a unique position, through interacting with children on a regular basis, to be able to identify concerning behaviour changes that may indicate they are susceptible to radicalisation.
- Steps Preschool is aware of our duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), to have “due regard to the need to prevent people from being drawn into terrorism”, also known as the Prevent duty and the specific obligations placed upon us as an education provider regarding risk assessments, working in partnership, staff training, and IT policies.
- Steps Preschool will ensure that all staff receive appropriate training to enable them to help them prevent learners from being radicalised into terrorism.
 - Staff training will be delivered at the earliest opportunity to ensure staff are adequately equipped for their role. This training will enable staff to be alert to any changes in children’s behaviour which could indicate that they may need help or protection and ensure they are aware of what action to take in response, including the internal Prevent referral arrangements. Training accessed by staff, Designated Safeguarding Lead, Early Years Child Protection and Prevent Duty Guidance the Designated Safeguarding Leads (DSLs) will receive more in-depth training which is updated at least every two years to enable them to support other staff on Prevent matters and provide updates on relevant issues.
- Staff will report any concerns regarding radicalisation to the DSL (or a deputy), who is aware of the local Kent Prevent procedures to follow. If there is an immediate threat, the police will be contacted via 999.

4.5 Domestic abuse

- Steps Preschool recognises that:
 - domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents.
 - domestic abuse can include, but is not limited to, psychological (including coercive control), physical, sexual, economic, or emotional abuse.
 - children can be victims of domestic abuse if they see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse).
 - Anyone can be a victim of domestic abuse, regardless of sexual identity, age, ethnicity, socio-economic status, sexuality or background, and domestic abuse can take place inside or outside of the home.
 - domestic abuse can take place within different types of relationships, including ex-partners and family members.
 - there is always a potential for domestic abuse to take place when parents/families separate, or for existing domestic abuse to persist or escalate post separation.
 - domestic abuse can have a detrimental and long-term impact on children’s health, well-being, development, and ability to learn.

- domestic abuse concerns will not be looked at in isolation and our response will be considered as part of a holistic approach which takes into account children's lived experiences.
 - it is important not to use victim blaming language and to adopt a trauma informed approach when responding to concerns relating to domestic abuse.
- If staff are concerned that a child may be at risk of seeing, hearing, or experiencing the effects of domestic abuse, immediate action should be taken by speaking to the DSL or a deputy.

4.6 Modern Slavery

- Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in the Statutory Guidance: Modern slavery: how to identify and support victims.
- If there are concerns that any member of the community is a victim or involved with modern slavery, concerns should be shared with a DSL or deputy and will be responded to in line with this policy.

5 Supporting Children Potentially at Greater Risk of Harm

- Whilst **all** children should be protected, Steps Preschool acknowledge that some groups of children are potentially at greater risk of harm. This can include the following groups:

5.1 Safeguarding children with Special Educational Needs or Disabilities (SEND)

- Steps Preschool acknowledges that children with special educational needs or disabilities (SEND) or certain health conditions can face additional safeguarding challenges and barriers for recognising abuse, neglect or exploitation.
- Steps Preschool recognises that children with SEND may face additional communication barriers and experience difficulties in managing or reporting abuse or challenges. Children with SEND will be supported to communicate and ensure that their voice is heard and acted upon.
- All members of staff are encouraged to appropriately explore potential indicators of abuse, neglect or exploitation such as behaviour, mood changes or injuries and not to assume that they are related to the child's disability. Staff will be mindful that children with SEND or certain medical conditions, may be disproportionately impacted by behaviours, without outwardly showing any signs.
- To address these additional challenges, our setting will always consider implementing extra support and attention for children with SEND. The DSL will work closely with the SENCO (Ruth Lanstone and Celia Sawyer) to plan support as required.

5.2 Children requiring mental health support

- Steps Preschool has an important role to play in supporting the mental health and wellbeing of our children. Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.
- Staff are aware that children's experiences, for example where children have suffered abuse and neglect, or other potentially traumatic Adverse Childhood Experiences (ACEs), can impact on their mental health, behaviour, and education.
- Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Age/ability appropriate education will be provided to children to help promote positive health, wellbeing, and resilience.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.

5.3 Children who are frequently absent

- Attendance can be strongly associated with specific safeguarding issues Although, is it not mandatory for early years children to attend a setting, it is important for settings to be aware of where children are, if not attending when they are expected to.
- Where possible, the setting will hold more than one emergency contact number for each child, so we have additional options to make contact with a responsible adult if a child absent from the setting is also identified as being a welfare and/or safeguarding concern (see section 3).

5.4 Children who may benefit from Early Help

- Any child may benefit from early help, but all staff should be particularly alert to the potential need for early help for a child who:
 - is disabled or has certain health conditions and has specific additional needs
 - has special educational needs (whether or not they have a statutory Education, Health and Care plan)
 - has a mental health need
 - is a young carer
 - is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines
 - is frequently missing/goes missing from education, home or care,
 - is at risk of modern slavery, trafficking, sexual and/or criminal exploitation
 - is at risk of being radicalised or exploited
 - has a parent or carer in custody, or is affected by parental offending
 - is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
 - is misusing alcohol and other drugs themselves

- is at risk of so-called ‘honour’-based abuse such as Female Genital Mutilation or Forced Marriage
- is a privately fostered child.
- Where it is identified a child may need early help, staff and DSLs will respond in line with section 3 of this policy.

5.5 Children who need a social worker (child in need and child protection plans)

- The DSL will hold details of social workers working with children in the setting so that decisions can be made in the best interests of the child’s safety, welfare, and educational outcomes.
- Where children have a social worker, this will inform our decisions about their safety and promoting their welfare, for example, responding to absences and provision of pastoral and/or educational support.

5.6 Looked after children, previously looked after children and care leavers

- Steps Preschool recognises the common reason for children becoming looked after is as a result of abuse, neglect and/or exploitation and a previously looked after child also potentially remains vulnerable.
- Where a child is looked after, the DSL will hold details of the social worker.

5.7 Children who are Lesbian, Gay, Bisexual, or Gender Questioning/Trans (LGBT)

- The fact that a child, a young person or an adult may be LGBT is not in itself an inherent risk factor for harm, however, Steps Preschool recognises that children, young people or adults who are LGBT or may be perceived to be LGBT (whether they are or not) can be targeted. Our staff will endeavour to provide a safe space which enables all members of our community to speak out or share any concerns.

5.8 Children who are privately fostered

- Private fostering occurs when a child under the age of 16 (under 18 for children with a disability) is provided with care and accommodation by a person who is not a parent, person with parental responsibility for them or a relative in their own home. A child is not privately fostered if the person caring for and accommodating them has done so for less than 28 days and does not intend to do so for longer. Such arrangements may come to the attention of our staff through the normal course of their interaction, and promotion of learning activities, with children.
- Where private fostering arrangements come to the attention of the setting, we will notify Kent Integrated Children’s Services in line with the local KSCMP arrangements in order to allow the local authority to check the arrangement is suitable and safe for the child.

6 Online Safety

Steps Preschool take steps to ensure that there are effective procedures in place to protect children, young people and vulnerable adults from the unacceptable use of Information Communication Technology (ICT) equipment or exposure to inappropriate materials in the setting.

- It is essential that children are safeguarded from potentially harmful and inappropriate material or behaviours online. Steps Preschool will adopt a whole setting approach to online safety which will empower, protect, and educate children and staff in their use of technology, and establish mechanisms to identify, intervene in, and escalate any concerns where appropriate.
- Steps Preschool will ensure online safety is considered as a running and interrelated theme when devising and implementing our policies and procedures, and when planning our education approaches, staff training, the role and responsibilities of the DSL and parental engagement.
- Steps Preschool identifies that the breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk:
 - Content: being exposed to illegal, inappropriate or harmful content. For example, pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism.
 - Contact: being subjected to harmful online interaction with other users. For example, peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
 - Conduct: personal online behaviour that increases the likelihood of, or causes, harm. For example, making, sending and receiving explicit images (including consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying.
 - Commerce: risks such as online gambling, inappropriate advertising, phishing and or financial scams.
- Steps Preschool recognises that technology, and the risks and harms related to it, evolve, and change rapidly. We will carry out an annual review of our approaches to online safety, supported by an annual risk assessment, which considers and reflects the current risks our children face online.
- The manager/registered person will be informed of any online safety concerns by the DSL, as appropriate.

6.1 Policies and procedures

- The DSL has overall responsibility for online safety within the setting but will liaise with other members of staff, for example the manager/registered person and IT support/technicians as necessary.
- The DSL will respond to online safety concerns in line with our child protection policy
 - Internal sanctions and/or support will be implemented as appropriate.
 - Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.

Only ICT equipment belonging to the setting is used by staff and children. Children do not normally have access to the internet and never have unsupervised access.

Children are taught the following stay safe principles in an age-appropriate way prior to using the internet:

- only go on line with a grown up
- be kind on line
- keep information about me safely
- only press buttons on the internet to things I understand
- tell a grown up if something makes me unhappy on the internet

Suspicious that an adult is attempting to make inappropriate contact with a child on-line is reported to the National Crime Agency's Child Exploitation and Online Protection Centre at www.ceop.police.uk.

Staff are aware that it is an offence to distribute indecent images. In the event of a concern that a colleague or other person is behaving inappropriately the Child Protection policy is followed.

Staff are aware that grooming children and young people on line is an offence in its own right and concerns about a colleague's or others' behaviour are reported (as above).

Email

- Children are not permitted to use email in the setting. Parents and staff do not use setting equipment to access personal emails. Staff do not access work email whilst supervising children.

Staff report any suspicious or offensive material, including material which may incite racism, bullying or discrimination to the Internet Watch Foundation at www.iwf.org.uk

- Steps recognises the specific risks that can be posed by mobile and smart technology, including mobile phones, cameras and wearable technology. In accordance with the EYFS 2021. Steps has appropriate mobile and smart technology and image use policies in place, which are shared and understood by all members of the community.

Mobile Phones and Cameras

- Children do not bring mobile phones or other ICT devices with them to the setting. If a child is found to have a mobile phone or ICT device with them, this is removed and stored in the office or locked kitchen until the parent collects them at the end of the session.
- Parents are asked not use mobile phones in the preschool. During preschool performances, parents are asked not to share any photos or videos online.
- Mobile phones owned by staff are not kept on their person during working hours. Staff use of mobile phones is permitted only in the kitchen and Manager's Office away from children and this is kept to a minimum during the settings opening hours.
- Staff ensure children are not photographed or filmed on video for any other purpose than to record their development or their participation. Parents sign a consent form for the above purposes and have access to records holding visual images of their child.

- Photographs of children will not be included on the STEPS website or social media without the specific written permission from parents on each occasion. Any photographs that are included with this specific permission, will not include the name of the child.

Social Media

St Stephen's Church PCC require those taking part in social media on behalf of STEPS to be honest, respectful and that any views expressed should be consistent with the stated vision and values of St Stephen's Church.

The lines between public and private can easily become blurred so STEPS staff should assume that everything posted by them, even on personal accounts, can be seen publicly and traced back to them and the church.

Staff use of social media applications as part of their role must be approved by the Office Manager. In the case of a dispute, he/she will raise the matter with the vicar.

Any online group affiliated to St Stephen's Church for the benefit of its members and the local community must be approved by the Office Manager and Incumbent.

STEPS Facebook Group

The STEPS Facebook group is for those who are part of, or connected to, STEPS Pre-School. It is used for notices, updates, sharing information and photographs.

The current administrators are **Rachael Plowman** (Church Administrator) & **Dawn Clarke** (STEPS Administrator) and **Fiona Butcher** (Steps Supervisor)

Membership

As this is a group relating to a service provided to children and their parents/carers, people have to ask to become a member of the group.

Parents of children who are no longer connected to the Pre-School, for example if their child has left for Primary School, will be removed from the group.

Posting Permissions

The STEPS Facebook page is a 'select group'. Only members can post in the group and all posts must be approved by the page administrators prior to appearing on the group page.

Anyone who posts on the page must ensure that their content is:

- **Appropriate and Professional** - The content and use of the resource should be suitable for the purpose and should reflect the character of the group.
- **Necessary** - The use of social networking for groups should be of value to the church and be in line with the purposes of the ministry.
- **Integrity** - The viewable profile of the group should reflect the Christian life.
- **Accompanying** - A virtual relationship is only alongside a physical, pastoral relationship.

Discernment - Asking oneself what is appropriate and suitable, and questioning the decision as to the use and function of various features and settings

6.2 Information Security and Access Management

- Steps is responsible for ensuring an appropriate level of security protection procedures are in place, in order to safeguard our systems as well as staff and children. All computers, tablets are password protected

6.3 Educating Learners

- Steps will ensure a comprehensive response is in place to enable all children to learn about and manage online risks effectively.

6.4 Working with Parents/Carers

- Steps will build a partnership approach to online safety and will support parents/carers to become aware and alert of the potential online benefits and risks for children by:
 - Providing information on our setting website, newsletters and offering specific online safety events for parents/carers.

7 Staff Engagement and Expectations

7.1 Staff awareness, induction and training

- Steps Preschool will ensure all staff understand our settings safeguarding policy and procedures and have up to date knowledge of safeguarding issues.
- All members of staff will be provided with access to this policy and will sign to say they have read and understood its contents. All staff are expected to re-read this policy at least annually (and following any updates) to ensure they understand our expectations and requirements.
- All new staff receive safeguarding and child protection training (including online safety), including information to ensure they are aware of our internal safeguarding processes, as part of their induction. This training is regularly updated and is in line with advice from the Kent safeguarding partners. This will be achieved by induction training for new staff, Early Years Child Protection training and updates from DSL.
- All staff members (including agency and third-party staff) will receive regular and appropriate child protection training (including online safety) to enable them to identify signs of possible abuse and neglect at the earliest opportunity, and to respond in a timely and appropriate way, in accordance with the safeguarding and welfare requirements of the EYFS. This training will be updated at least annually.
- In addition to specific child protection training, all staff will receive regular safeguarding and child protection updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. This will be achieved by regular staff meetings.
- Steps Preschool recognises the expertise staff build by undertaking safeguarding training and from managing safeguarding concerns on a daily basis and staff are encouraged to contribute to and shape our safeguarding arrangements and child protection policies.
- The DSL will maintain an up-to-date record of who has been trained detailing safeguarding training undertaken.

7.2 Supervision and support

- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.
- The manager of Steps Preschool will ensure that members of staff are provided with appropriate supervision in accordance with the statutory requirements as outlined in the safeguarding and welfare requirements of the Early Years Foundation Stage (EYFS).
- Steps Preschool recognises that regular, planned, and accountable supervision is a two-way process, that offers support and develops the knowledge, skills and values of an individual, group, or team.
 - Supervision aims to foster a culture of mutual support, teamwork, and continuous improvement, which encourages the confidential discussion of sensitive issues.
 - Effective supervision will enable our setting to monitor the progress of professional practice and to help staff to improve the quality of the work they do, thus improving outcomes for children as well as achieving agreed objectives.
 - Supervision should provide opportunities for staff to discuss any issues they may have, for example, child development and well-being concerns including child protection concerns, or any concerns they have about the setting or a colleague's practice.
- The setting will ensure all members of staff will receive regular and planned supervision sessions. Uninterrupted time will be set aside to ensure any supervision sessions effective for both practitioner and management to ensure that:
 - All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children
 - All staff are supported by the DSL in their safeguarding role.
 - All members of staff have regular reviews of their own practice to ensure they improve over time.
- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly.

8 Safer Recruitment and Allegations Against Staff

8.1 Safer recruitment and safeguarding checks

- Steps Preschool is committed to developing a safe culture and ensuring that steps are taken to recruit staff who are safe to work with children and staff. We recognise that we must ensure that people looking after children in our setting are suitable, have the relevant qualifications, training and have passed any required checks to fulfil their roles.

- St. Stephens PCC Trustees of Steps Preschool are responsible for ensuring that the setting follows safe recruitment processes outlined within section 3 of the EYFS guidance, including accurate maintenance of the staff records. The staff records is a list of staff, and registered person/trustees/committee members and includes appropriate information which may include:
 - Dates of recruitment,
 - References,
 - Identity checks,
 - Criminal records check reference number, including date and details of person who completed it,
 - Eligibility to work in the UK checks,
 - Other essential key data.

- The setting will obtain an enhanced check by Disclosure and Barring Service (DBS) in respect of every person aged 16 and over who:
 - works directly with children,
 - works on the premises on which the childcare is provided.

- An additional check by the DBS (or checks if more than one country) will also be made for anyone who has lived or worked abroad.

- St. Stephens PCC trustees of Steps Preschool are responsible for ensuring that the setting adopts an application, vetting and recruitment process which places safeguarding at its center, regardless of employee role.

- St. Stephens PCC trustees of Steps Preschool are responsible for ensuring that the setting follows safe recruitment processes outlined within guidance. At least one member of the interview panel will have completed safer recruitment training.

- St. Stephens PCC trustees of Steps Preschool will ensure appropriate steps are taken to verify qualifications, including in cases where physical evidence cannot be produced.

- St. Stephens PCC trustees of Steps Preschool are aware of the requirements to make appropriate checks regarding the disqualification status of all staff, including volunteers and temporary staff.

- We advise all staff to disclose any reason that may affect their suitability to work with children including convictions, cautions, court orders, reprimands and warnings.

- We will ensure that all staff and volunteers have read the staff behaviour policy/code of conduct and understand that their behaviour and practice must be in line with it.

8.2 Allegations/concerns raised in relation to staff, including supply teachers, volunteers and contractors

- Steps Preschool recognises that it is possible for any member of staff, contractors, agency and third-party staff (including supply staff) and visitors to behave in a way that:
 - Indicates they have harmed a child, or may have harmed a child

- Means they have committed a criminal offence against or related to a child
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children.
- Any concerns or allegations about staff will be recorded and dealt with appropriately in line with national guidance (Part four of KCSIE) and the [local Kent allegations arrangements](#).
 - Ensuring concerns are dealt with effectively will protect those working in or on behalf of the setting from potential false allegations or misunderstandings.
 - As part of our approach to safeguarding, our setting adopts an open and transparent culture in which all concerns are dealt with promptly and appropriately. All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the setting safeguarding regime. The leadership team at Steps Preschool will take all concerns or allegations received seriously.
 - Allegations should be referred immediately to the manager who will contact the [Local Authority Designated Officer](#) (LADO) to agree further action to be taken in respect of the child and staff member. In the event of allegations of abuse being made against the manager, staff are advised that allegations should be reported to the next member of senior management who will contact the LADO.
 - Where managers are unsure how to respond to an allegation, advice will be sought via the [LADO Education Safeguarding Advisory Service](#) enquiry form.
 - If Steps Preschool becomes aware of any relevant information that may lead to an employee being disqualified, we will take appropriate action to ensure the safety of children.
 - As a registered provider, we will inform Ofsted with which we as a provider of childcare on domestic premises (DoDP) is registered of any allegations of serious harm or abuse by anyone living, working, or looking after children at the premises including the disqualification of an employee.
 - This will happen whether the allegations of harm or abuse are alleged to have been committed on the premises or elsewhere, for example, on a visit.
 - We will notify Ofsted of the action taken in response to the allegations.
 - Ofsted will be notified as soon as is reasonably practicable, but in any event within 14 days of the allegations being made.
 - All records of concerns will be kept confidential and will be held securely and retained and in compliance with safeguarding requirements, as well as the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) and other relevant policies and procedures (for example HR/Personnel and data retention policies).
 - In all cases where concerns are reported against staff, once proceedings have been concluded, the manager (and if they have been involved the LADO) will consider the facts and determine whether any lessons can be learned and if any improvements can be made.

- St. Stephens PCC Trustees of Steps Preschool will make a referral to the Disclosure and Barring Service if a member of staff is dismissed (or would have been, had they not left the setting first) because they have harmed a child or put a child at risk of harm.

9 Physical Safety

9.1 Physical interventions

- Steps Preschool recognises that we are responsible for supporting, understanding, and managing children's behaviour in an appropriate way.
- There may however be circumstances when it is appropriate for staff to use a physical intervention in order to safeguard children from harm, for example to avert immediate danger of personal injury to any person (including the child)
 - Staff will not give or threaten corporal punishment or any punishment which could negatively affect a child's well-being.
 - Staff will be made aware of the behaviour management and physical intervention policies, and any physical interventions must be in line with our agreed policy and procedures and national guidance.
 - Steps Preschool keeps a record of any occasion where physical intervention is used. Parents and/or carers will be informed of any physical interventions involving their child on the same day, or as soon as reasonably practicable.

9.2 Site security and safety

- In accordance with our health and safety and/or staff: child ratio policies, our staffing arrangements will ensure we are able to the needs of all children and ensure their safety.
- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light.
- Steps Preschool will ensure children are only released into the care of individuals of whom the parent has explicitly approved/agreed by written permission and passwords.
- Steps Preschool will ensure children are not able to leave the premises unsupervised and will ensure children are kept safe at all times.
- All reasonable steps will be taken to prevent unauthorised persons entering the premise;
 - Appropriate checks will be undertaken in respect of visitors and volunteers coming into the setting as outlined within national guidance.
 - Visitors will be expected to sign in and out via the office visitors' log and to display a visitor's badge whilst on site.
 - Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.

- In accordance with our health and safety policies, at least one person who has a current paediatric first aid (PFA) certificate will be on the premises and available at all times when children are present.
- The setting will not accept the behaviour of any individual (parent or other) that threatens our safety or security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the site.

10 Local Support

- All members of staff in Steps Preschool are made aware of local support available.
 - **Kent Integrated Children's Services/ Children's Social Work Services**
 - [Kent Integrated Children's Services Portal](#) – select 'urgent' if there is an immediate risk/concern
 - Front Door Service: 03000 411111
 - Out of Hours Number: 03000 419191
 - **Local Early Help and Preventative Services and Family Hubs**
 - [Early Help and Preventative Services - KELSI](#)
 - [Early Help contacts - KELSI](#)
 - [Kent Family Hubs - Kent County Council](#)
 - **Kent Police**
 - 101 or 999 if there is an immediate risk of harm
 - **Kent Safeguarding Children Multi-Agency Partnership (KSCMP)**

 - 03000 421126 or kscmp@kent.gov.uk
 - **Adult Safeguarding**
 - Adult Social Care via 03000 41 61 61 (text relay 18001 03000 41 61 61) or email social.services@kent.gov.uk
 - **Kent LADO Education Safeguarding Advisory Service (LESAS) – Support for Kent Children's Workforce**
 - [Local Authority Designated Officer \(LADO\) - Kent Safeguarding Children Multi-Agency Partnership](#)
 - To speak to the LADO regarding an allegation against a member of staff, complete a referral on the [Kent Integrated Children's Services Portal](#).
 - To raise a LADO, strategic education safeguarding or online safety enquiry, commission a review or enquiry about bespoke training or other safeguarding products, please use the [LESAS enquiry form](#).

Appendix 1: Categories of Abuse

All staff should be aware that abuse, neglect, exploitation and other safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women, and children.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour, for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults, for example, anxiety of being left with relatives, a childminder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing, for example for PE
- Secrecy relating to use of technology
- Sexually transmitted disease or pregnancy
- Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries, such as two bruised eyes
- Bruising to soft area of the face such as the cheeks

- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns, such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Inappropriate/harmful medication usage
- Aggressive behaviour or severe temper outbursts.
- Injuries that cannot be accounted for. Inadequate, inconsistent, or excessively plausible explanations for an injury, or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Secrecy relating to use of technology
- Excessive need for approval, attention, and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
- Loss of weight or being constantly underweight
- Low self esteem
